

Princess Lily
and the

Enchanted Forest
COLORING BOOK

Hello Warriors!

My name is Sarah, and this coloring book is inspired from my books about Princess Lily and my new activity books about the enchanted forest and Fairy Meadows.

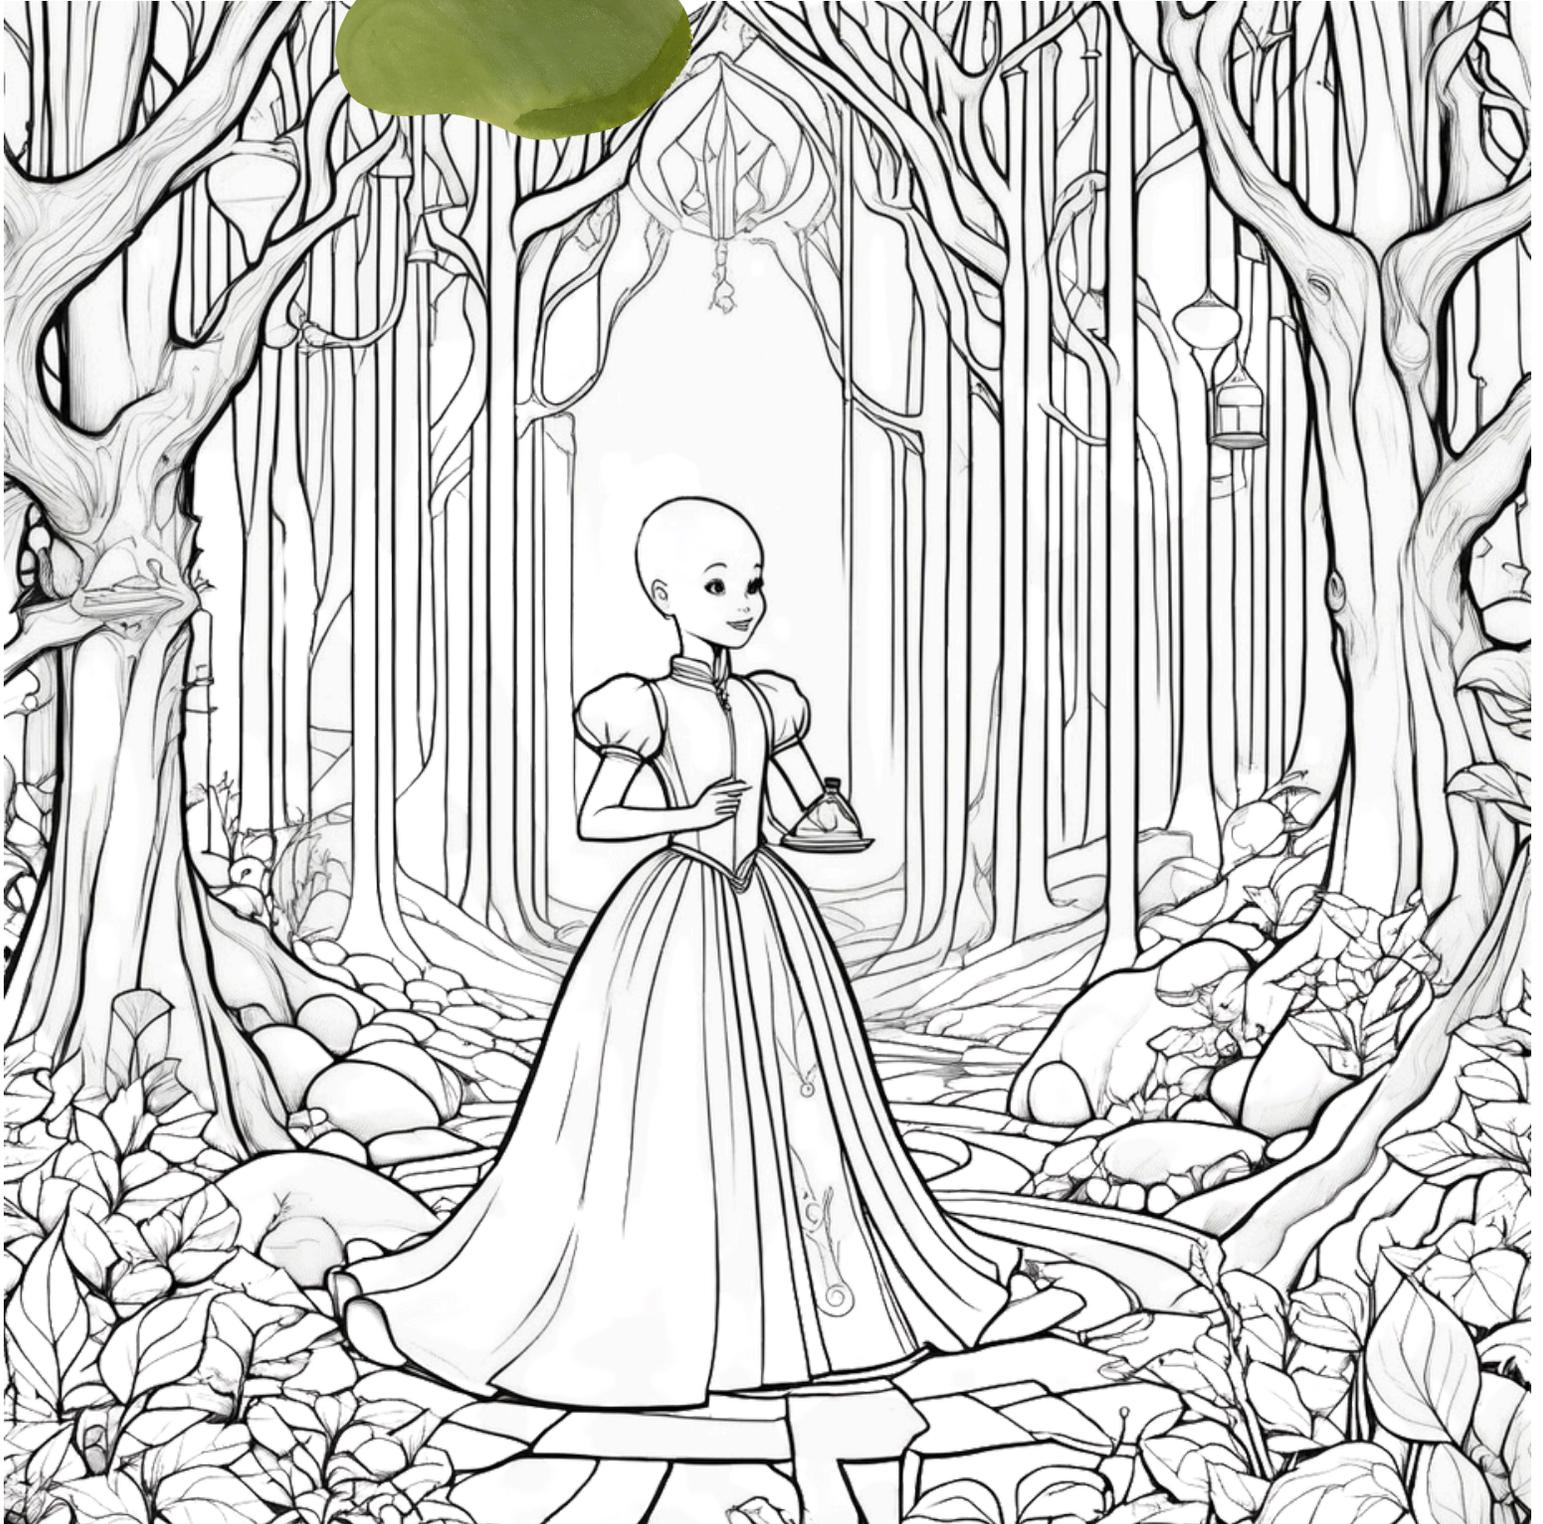

Happy Coloring!

Sarah, John and Our Three Adventurers

Can you color
in the path to
the enchanted
forest?

Very few have
visited the
Enchanted Forest.

Only those that are
brave warriors are
able to visit.

Princess Lily was nervous
going to the Enchanted
Forest, but Sally the
Healer helped her.

Healers make potions to
help warriors feel
better.

Moon Munchkins live in
the Enchanted Forest
and come out at night.

They help the
Healers by mixing
potions under the
magic of the
moonlight.

It took Princess Lily a while to get used to having a port in her chest.

Princess Lily started
to loose her hair and
this made her feel sad.

Princess Lily met her
Hairy Fairy, Nika and
visited Fairy Meadows.

There are many
different kinds of
fairies.

Fairies live in Fairy
Meadows and the
Enchanted forest.

Princess Lily met other warriors like herself and this made her realize she was not alone.

Only those brave warriors
that come to the Enchanted
Forest can tame a Moon
Dragon.

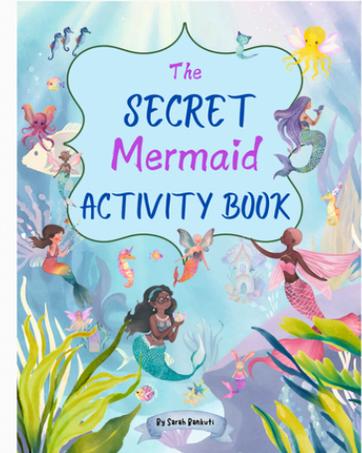

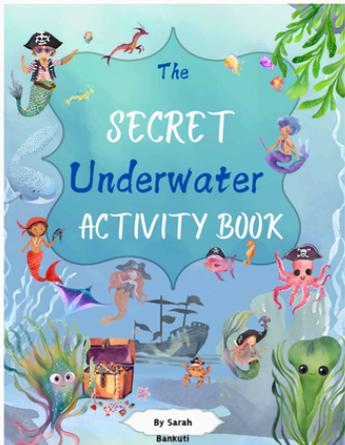

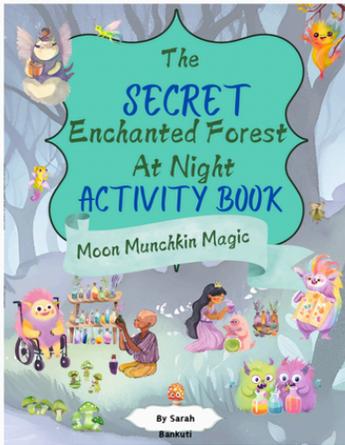

Would you be able to tame
a dragon?

I am
Awesome
